Speakers

A conference for Professionals and Parents

About ICACN

The International Conference of Autism, Cerebral Palsy and Neurodevelopmental Disorders, is India's first conference bringing together professionals along with parents and caregivers associated with autism and neurodevelopmental disorders from all over the world. This conference is organized by “Autism Connect-Association of Parents & Professionals”, “Cerebral Palsy Care Foundation” and “Autism Parent Support Foundation”. It is a platform created for health professionals, researchers, special educators, parents and care-takers to discuss the latest research, therapies, resources, etc for betterment of children with these disorders.

Delegates will get an opportunity to listen to the eminent speakers from the world of autism, cerebral palsy and neurodevelopmental disorders as well as participate in the workshops conducted by them. Through this forum, parents and caregivers can share their experiences and network with various communities, experts and speakers.

It is our pleasure to invite you to the conference from 1st to 3rd May, 2015 in Renaissance Mumbai Convention Centre Hotel, Mumbai.
